## **A Facilitator Guide**

*This explains how to lead every activity in the curriculum, and is chock-full of tips, **links**, and information*

We created custom "shortlinks" to make it easier for you. Anywhere you see "szp.guide/..." that's a website address.

## **A Participant Packet**

*Print it, staple it, pass it out to your participants, and you're done.*

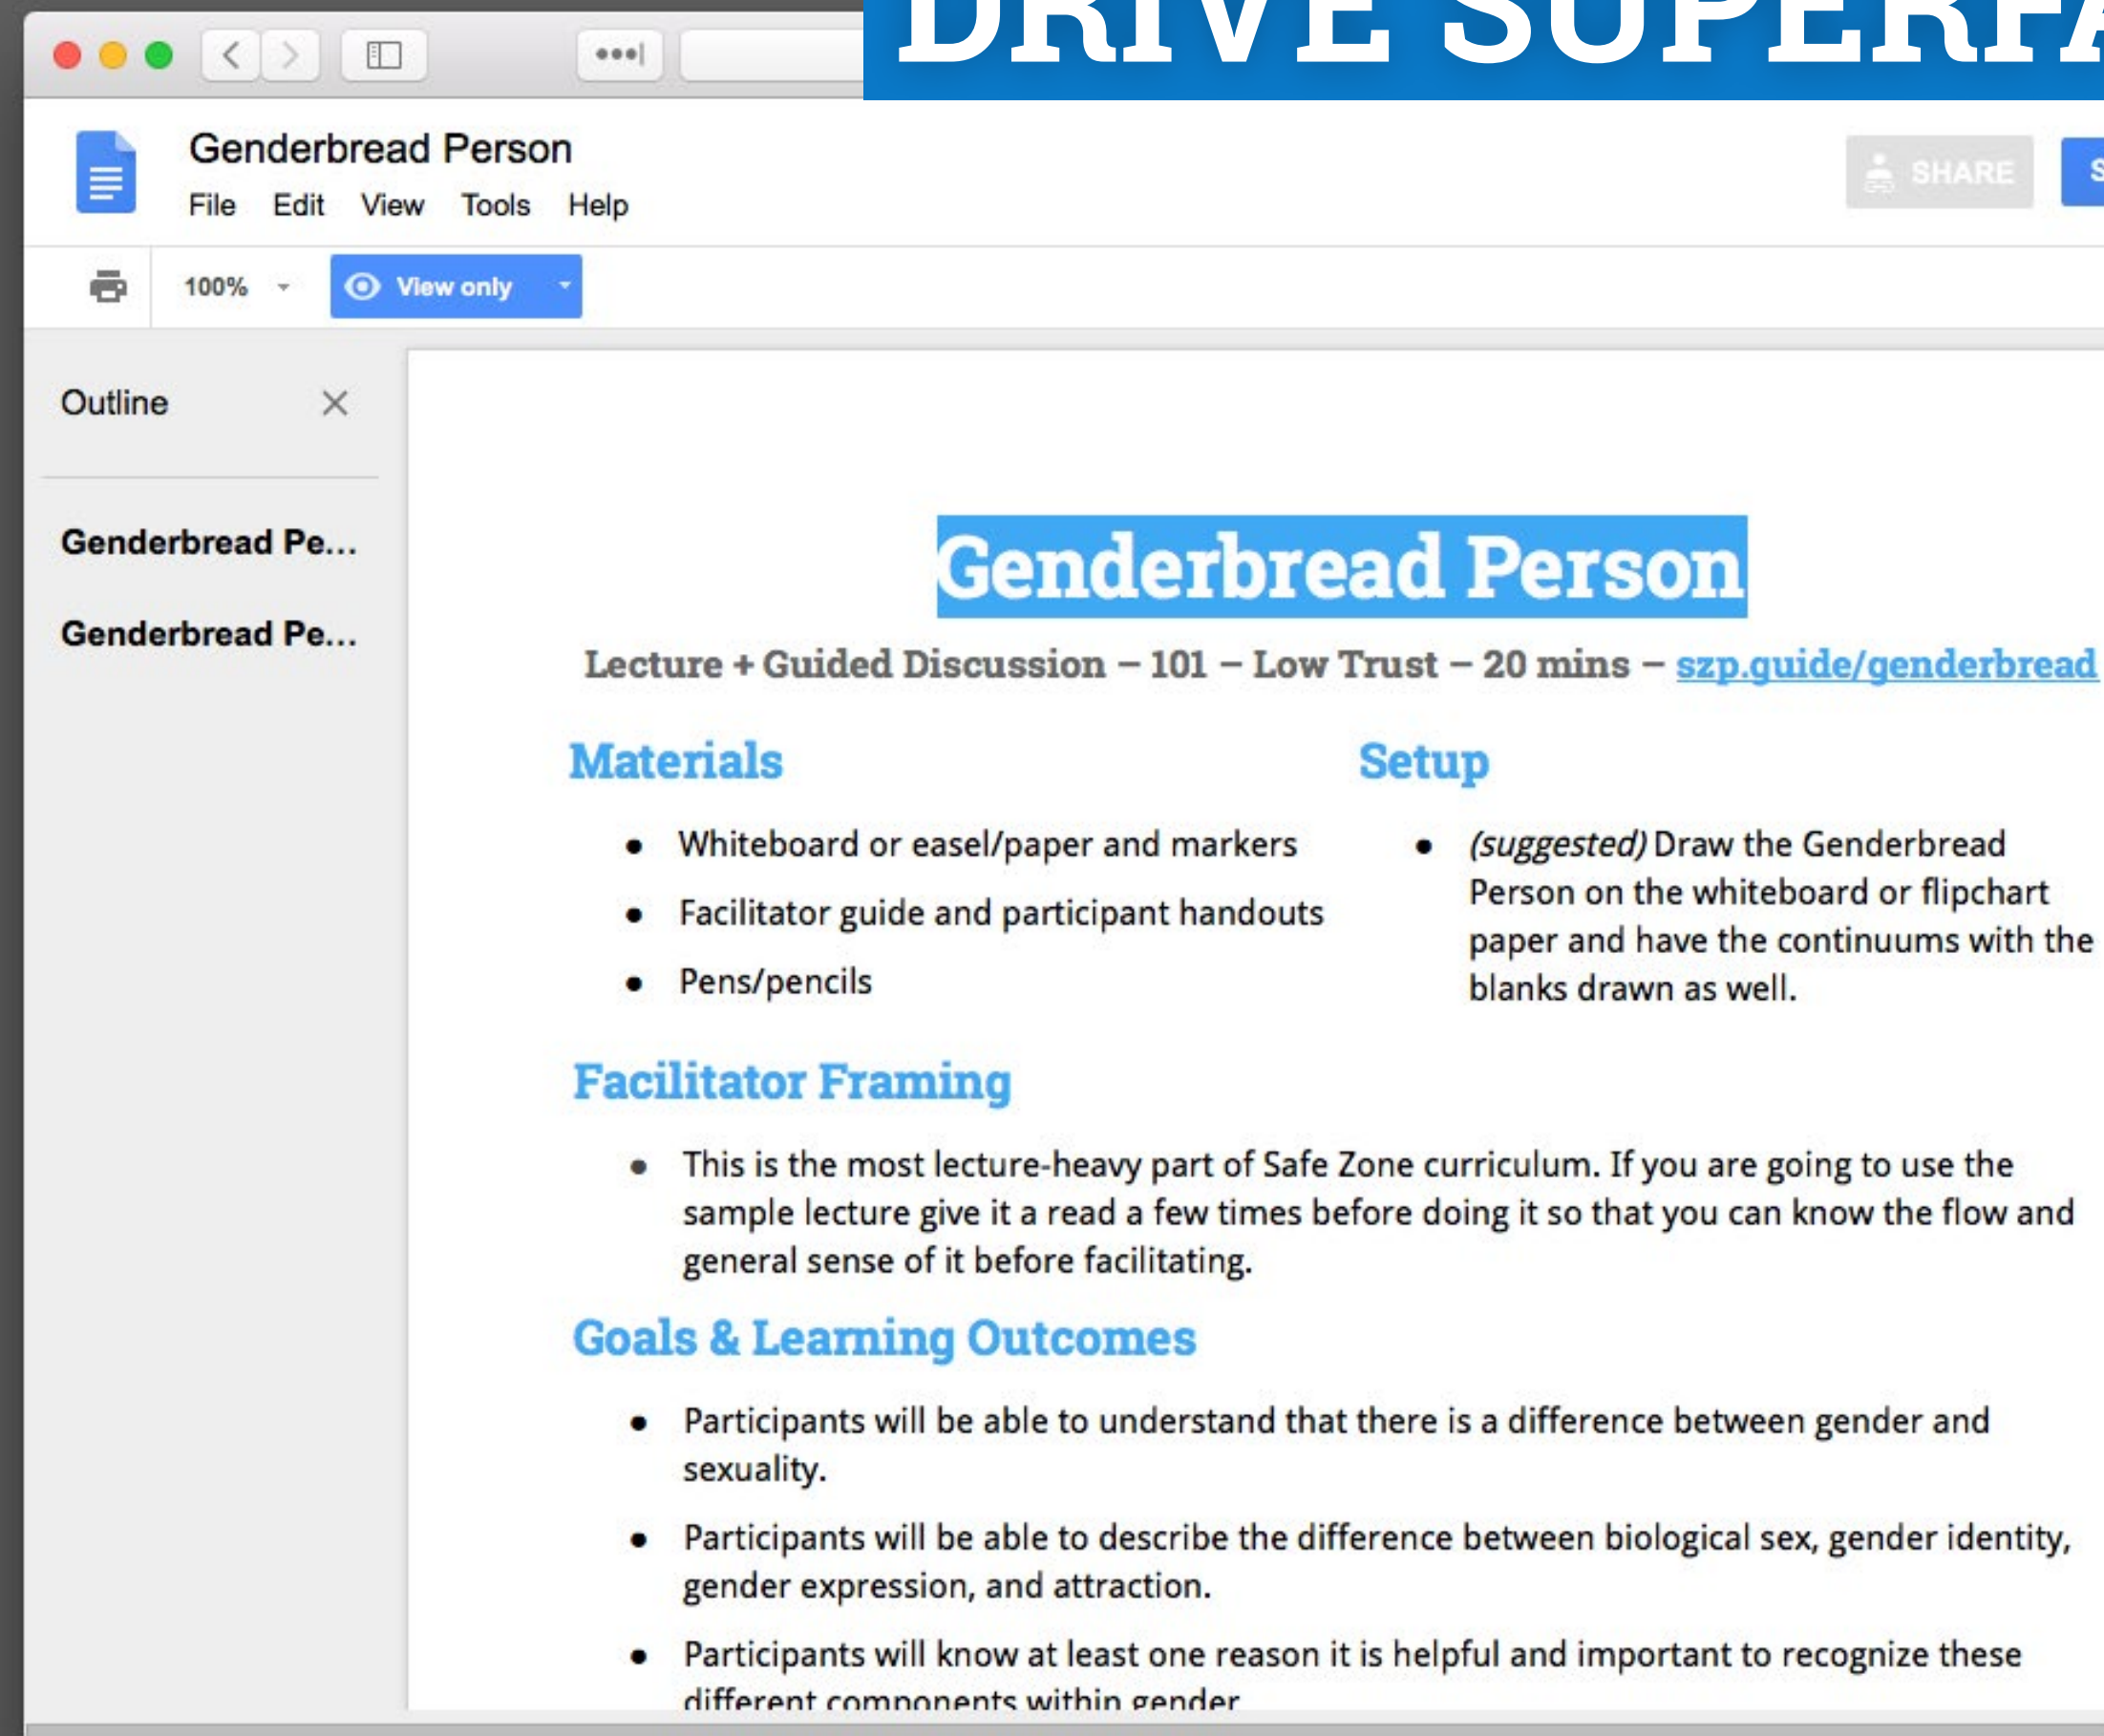

Print your own stickers! Don't feel bad about it. Send the files to a local print shop, or DIY using sticker paper. We won't be sad.

## **Files for **Stickers** & Other Stuff.**

*A bunch of things you don't "need", but might come in handy.*

# WE ARE GOOGLE DRIVE SUPERFANS

**All of our activities and curricula are Google Docs**

*+ you have access to those files (the .gdoc files in this folder, also on our site), to make editing a breeze.*

Even if you don't have a Google Drive account, you should be able to edit the files in your text editor of choice (just no promises on it looking pretty – and also why in the world do you not have a Google Drive account?!)

You see that [szp.guide/genderbread](https://szp.guide/genderbread) link? Wanna try it? Click away, Adrenaline Jockey.

# COPY DOCS TO YOUR DRIVE

*You can use these magic buttons*

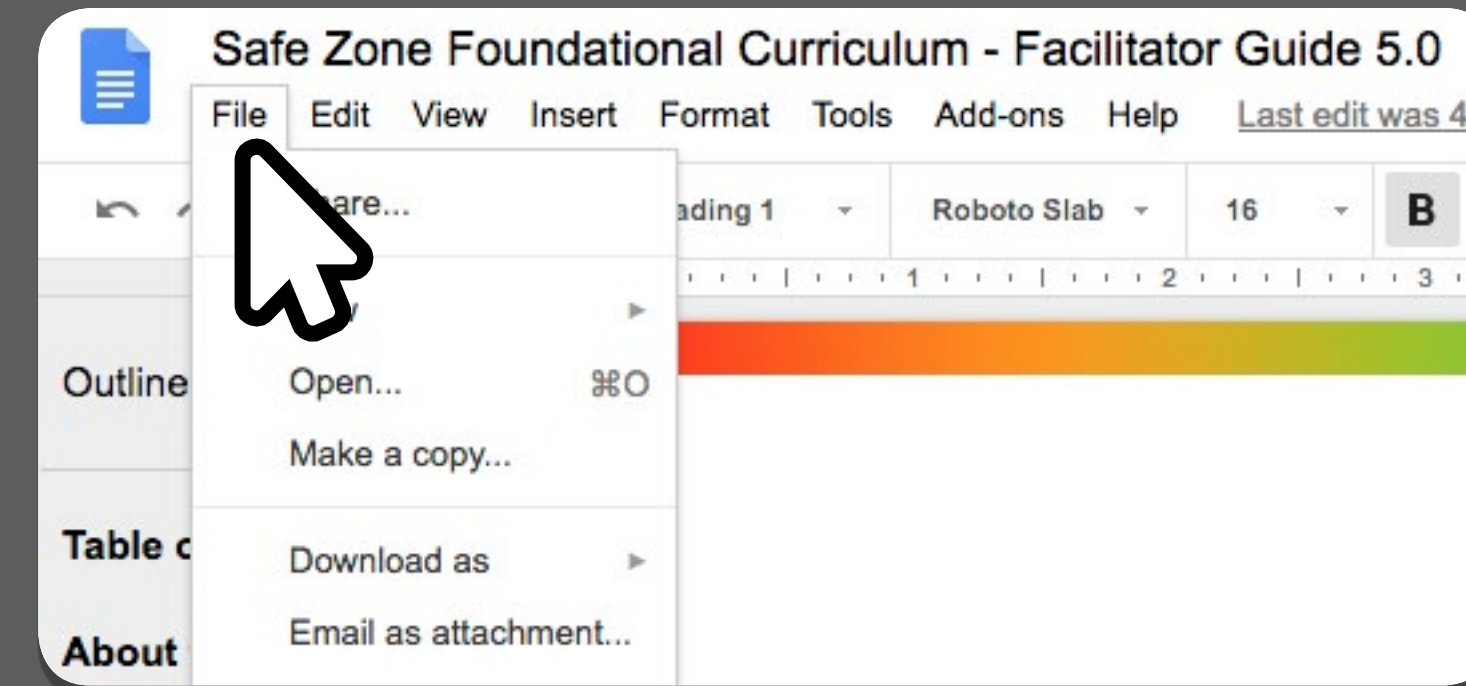

**Copy Facilitator Guide** ✎

**Copy Participant Packet** ✎

*Or*

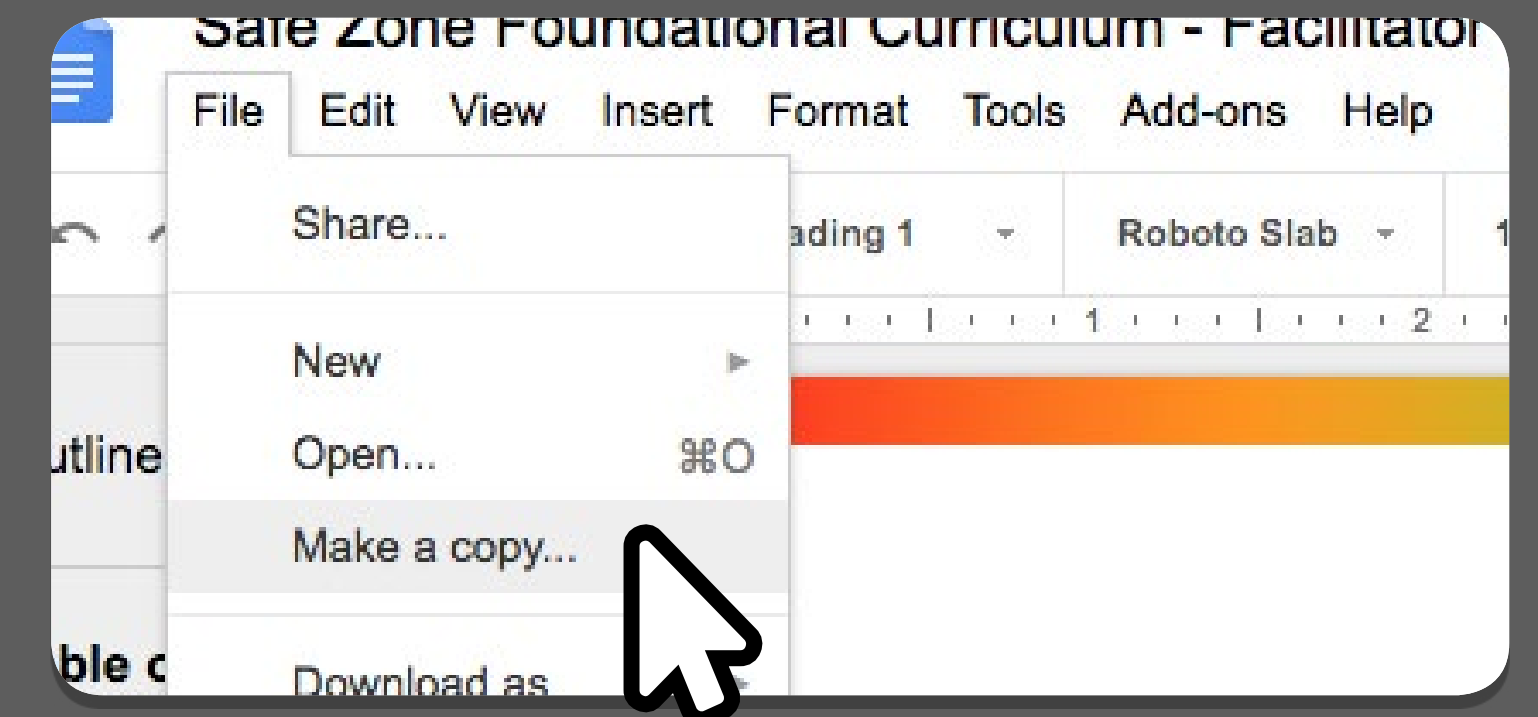

Please don't request "permission" to edit the original document. You have to copy the file to your folder. Sorry, but we can't have 25,000 people editing a document. Actually, that sounds like a really fun experiment. We'll get back to you.

## *A Step-by-Step How-To*

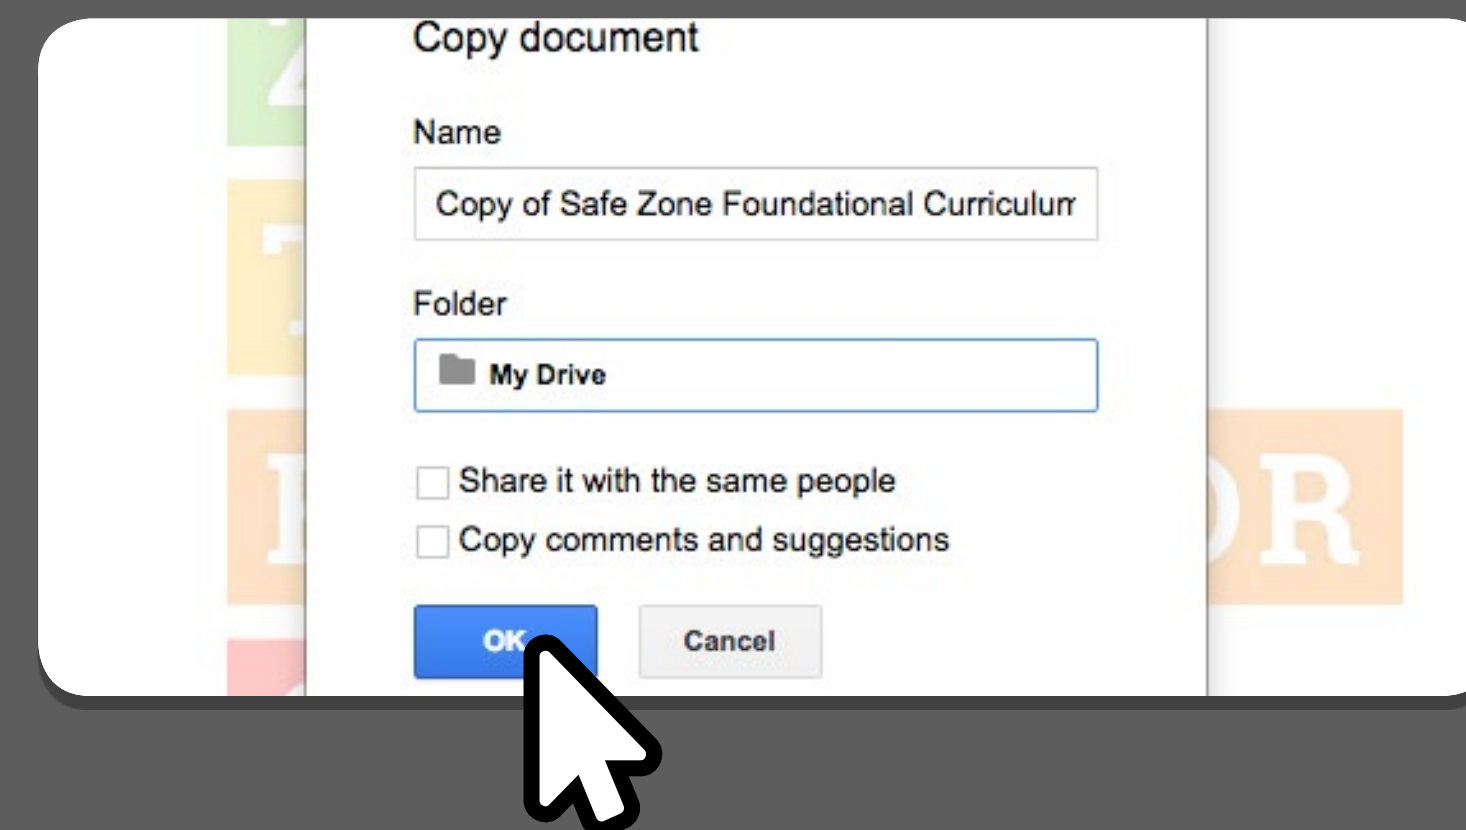

**1.** Click "File"

**2.** "Make a copy..."

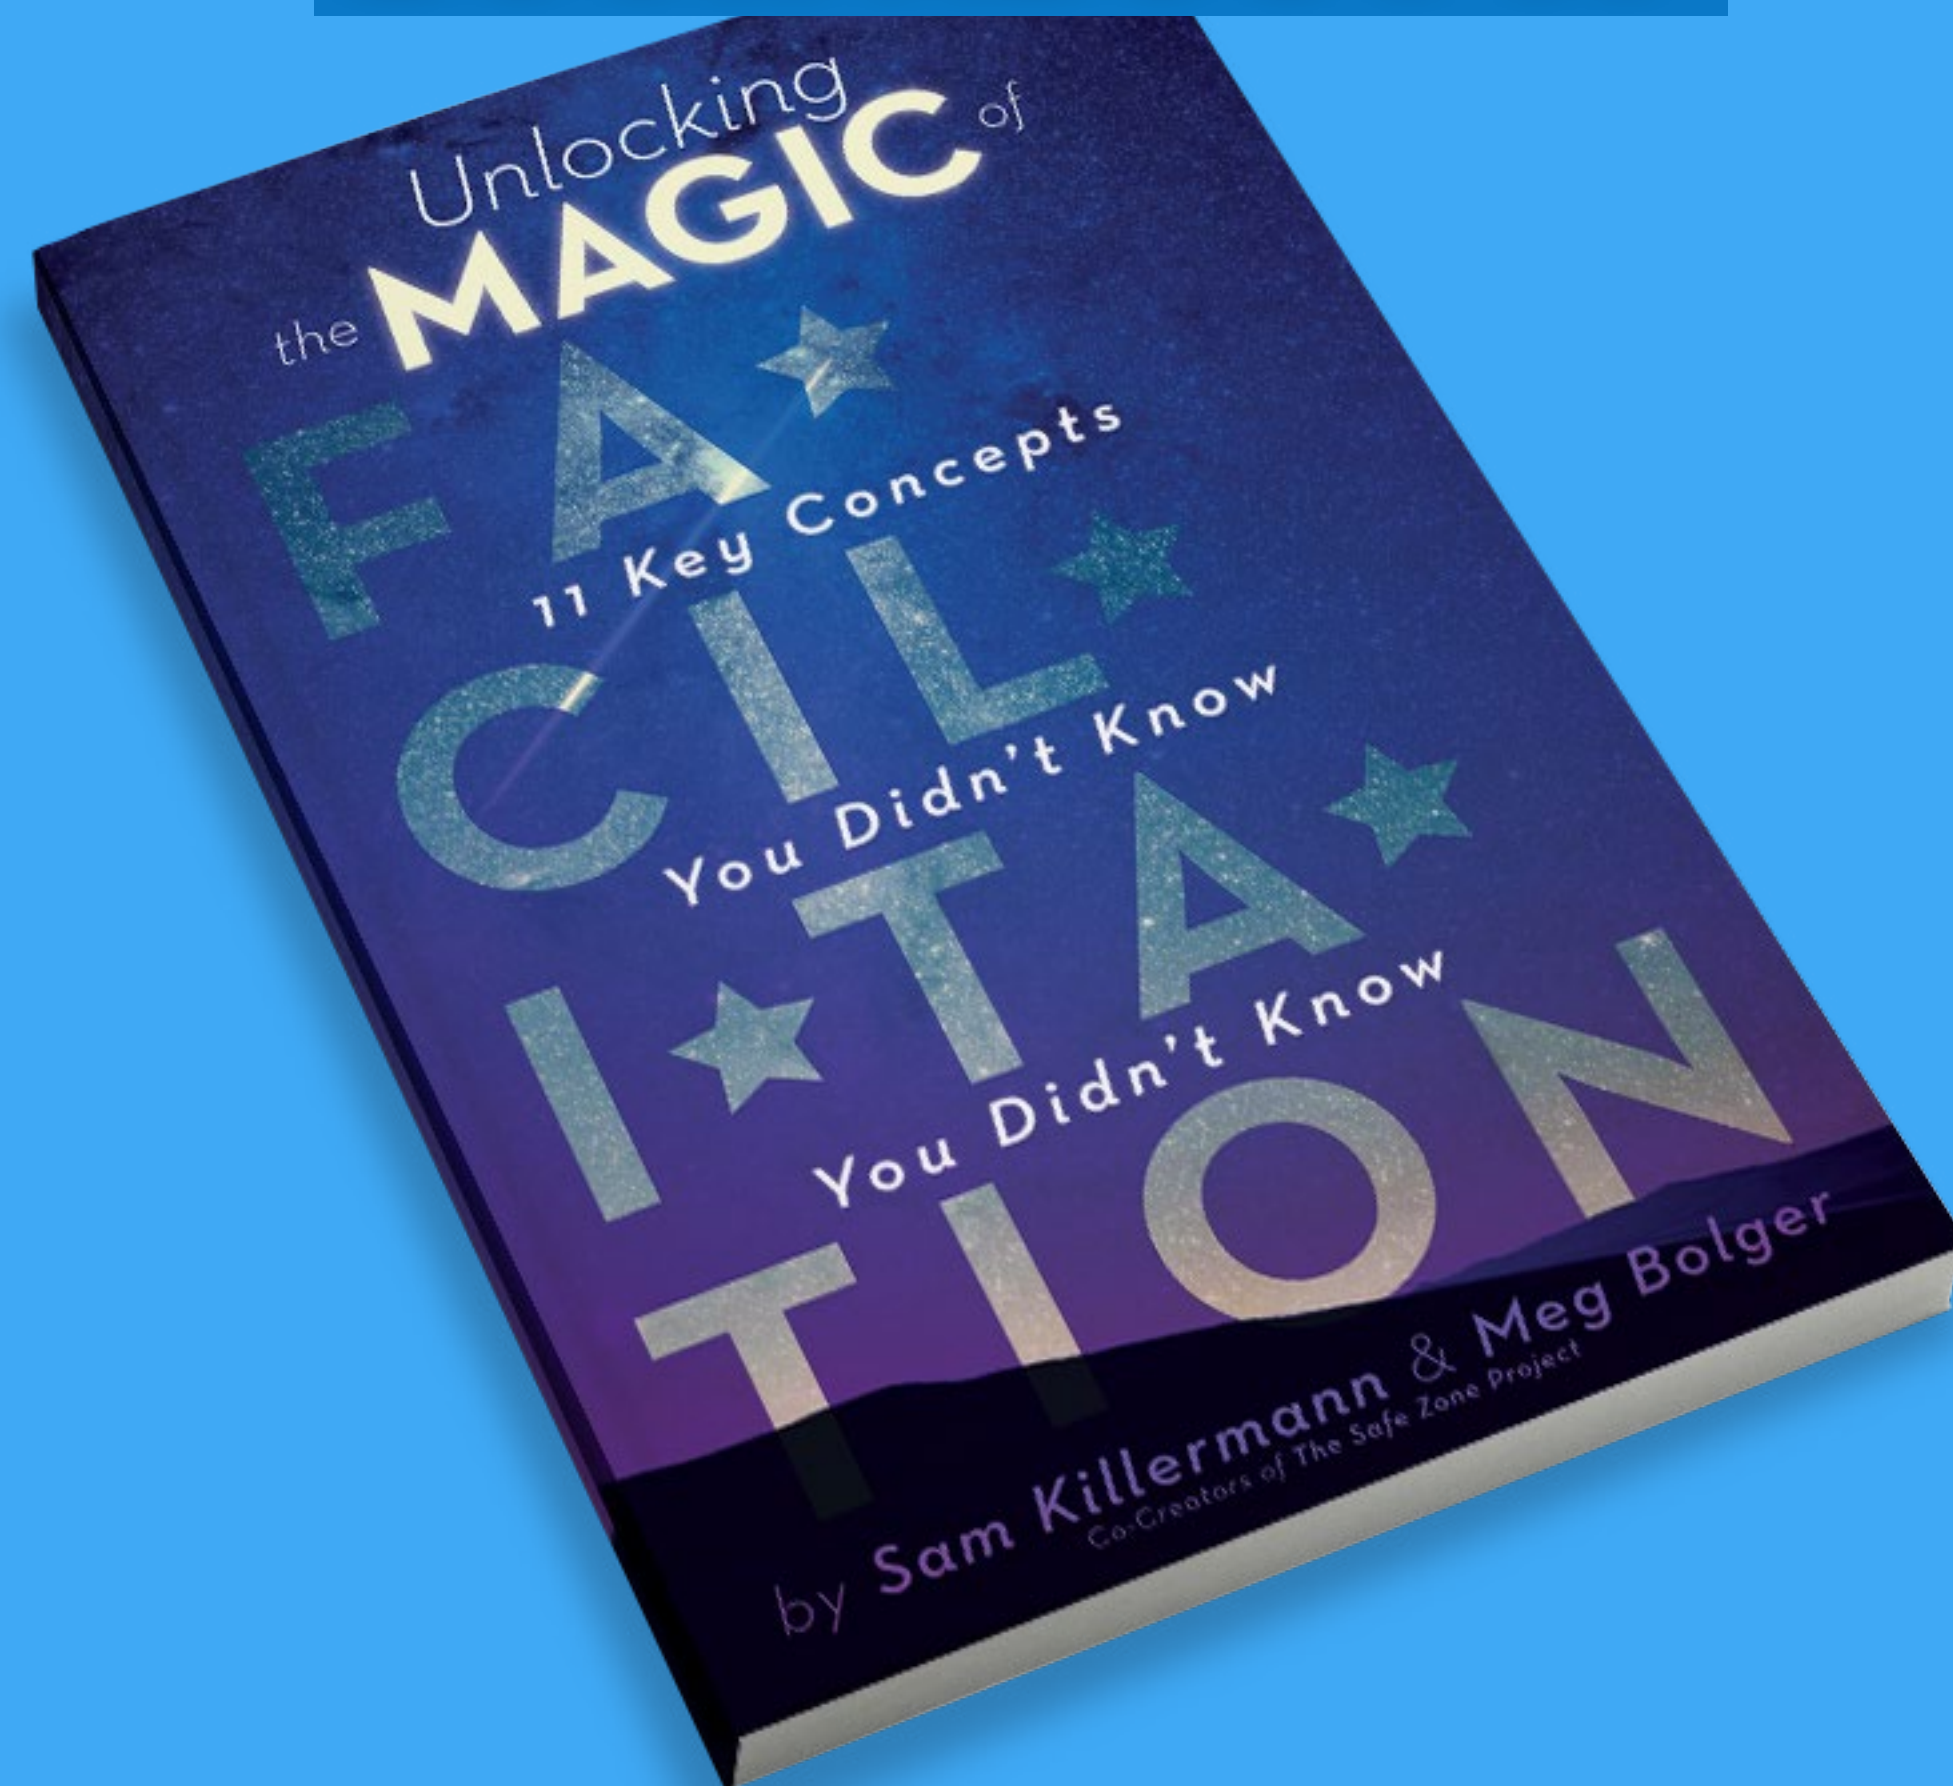

**3.** Choose location & click OK

*11 Key Concepts You Didn't Know You  
Didn't Know*

We wrote this book after doing years of Safe Zone Train-the-Trainer visits, helping folks get programs off the ground (we don't do those any more). These are the lessons we wouldn't always have time to cover, but wished we could.
